THE BASICS

21+3 combines the excitement of Blackjack with the thrill of Three Card Poker. Play traditional Blackjack and try to match your first two cards with the Dealers face-up card to make your Three Card Poker hand.

HOW TO PLAY

After Blackjack bet is placed, the player may place a separate 3-Card Poker bet in the designated spot on the table. After all bets are placed, each player is dealt two cards. The Dealer also receives two cards with one card exposed to the player. The player's first two cards and the Dealer's up card make the 3-Card Poker hand. If the player makes a qualifying 3-Card Poker hand then they will receive a payout based on the schedule below. After the 3-Card Poker round is completed, standard Blackjack play continues with the cards in play.
